

Friends of the Crawford County Library

The Friends maintain an association of persons who are working to increase use of the library through public awareness by bringing the community into the library to share its materials, services, programs and facilities.

We take this opportunity to say thank you to our many Friends who continue to make us a better library though their financial support, volunteering and advocacy.

Last year the Friends of the Crawford County Library supported these events:

- Our largest single donation established the Kids Zone reading corner at the Crawford County courthouse.
- The American Girl and Camouflage Boy program.
- The county wide summer reading program.
- The Christmas Walk.
- World Wide Wrestling Entertainment reading challenge.
- The wild bird habitat educational program by conservationist, Kay Charter.
- The Mitten Tree that supports local charities.
- The children's story hour.
- The Trout Festival and The Michigan Notable Author.
- Supported literacy with book donations to the correction departments.
- Supported "How You Make A Train" event with proceeds to AuSable Schools.

I will support The Friends of the Crawford County Library.
